

# COMMUNITY SHOWCASE

## Thursday, July 9 | Five Points Washington

The Community Showcase is an annual Chamber event that gives businesses the opportunity to highlight their products and services to the public. This free, open-to-the-community event offers vendors a valuable platform to connect with attendees, share information, and engage with potential customers in a welcoming environment.

New this year, the Community Showcase will be held in conjunction with Rove & Ramble, Washington's weekly summer celebration featuring food trucks and family fun. While Rove & Ramble takes place outside, the Community Showcase will be hosted indoors as usual. This strategic pairing is designed to boost visibility, encourage new connections, and enhance the overall experience for both vendors and attendees.

This event is ideal for businesses looking to increase brand visibility, engage directly with the community, and connect with local residents and other Chamber members in a professional setting.
